About Me

I am a passionate Front-End Developer with expertise in HTML, CSS, JavaScript, and modern frameworks like React. I specialize in building responsive, user-friendly websites and am currently pursuing a Full Stack Developer certificate from Achiever Corners to expand my skill set. With a strong commitment to continuous learning and staying updated with the latest web technologies, I aim to combine my front-end skills with full-stack knowledge to create innovative and seamless web experiences.

Experience

Najam Tech AI (July 2024 to Present)

Front End Developer

I worked as a Front-End Developer at Najam Tech AI, where I contributed to the design and development of responsive web applications. My role involved creating intuitive user interfaces using HTML, CSS, and JavaScript, and collaborating closely with the back-end team to integrate APIs and enhance the user experience. I also worked on optimizing website performance and ensuring cross-browser compatibility.

Education

BBIT (in Progress) From Virtual University
